

Collective Commitments for Social Emotional Learning

Together, the Livingston County Curriculum and Instruction Council, comprised of Superintendents, Assistant Superintendents and Curriculum Directors from across the five local districts and Livingston ESA, have identified a clear vision and shared values that will have the greatest impact on social-emotional learning for ALL students. We are committed to CASEL's five identified competencies to help make evidence-based social and emotional learning an integral part of education in Livingston County.

— Building a happier, healthier community, together. —
